ASCA CLASSES

REGULAR class: The ASCA Regular class will consist of a designated sequence of 14-20 ASCA approved obstacles. Clean runs within the standard course time are awarded 10-point qualifications. Runs that do not accumulate more than five time and course faults qualify. Qualifying runs with no faults receive 10 points; runs with no more than five faults receive 5 points.

JUMPERS class: The ASCA Jumpers class is primarily composed of single jumps, but may also include one double bar jump, the tire jump, one closed tunnel (chute), and/or open tunnels. The course consists of 12-20 obstacles. Speed is of essence in the Jumpers class, and teams must have a clean run with no time faults in order to qualify. Qualifying runs receive 10 points.

GAMBLERS class: The ASCA Gamblers class is the “Old-Style Gamblers” with point accumulation period, immediately followed by a gamble sequence. Qualifying runs receive 10 points.

Accumulation Period. All dogs are allowed 30 seconds in the accumulation period. Each type of obstacle is assigned a point value and teams must accumulate a minimum number of points in the accumulation period (Novice-15 pts, Open 18-pts, Elite-21 pts). During the accumulation period the handler directs the dog over a course determined by the team. The dog may not perform the gamble sequence or any segment of the gamble sequence in order, however they may perform the obstacles individually or in the reverse sequence. Note that if a bar on a gamble obstacle is knocked down during the point accumulation period, the dog cannot receive credit for performing the gamble sequence.

Gamble Sequence: The Gamble sequence is composed of 4 required obstacles and sometimes a 5th optional obstacle. The gamble period begins immediately at the end of the accumulation period. In the gamble period, dogs must perform the 4 obstacles in the designated sequence within the designated time, with handlers remaining behind a “gamble line”. Teams will not qualify if the handler crosses the gamble line or if a bar is dropped during the performance of the gamble.

➤ FREQUENTLY ASKED QUESTIONS ◀

Do I have to have a tracking number to compete?

No, you do not need a tracking number in order to compete in Agility or Stock.

You will need a tracking number to enter an Obedience trial or Tracking Test.

Your dog does not have to be a purebred to receive a tracking number from ASCA®.

Why would I need or want a tracking number for my dog?

If you would like to have your dog's points and titles recorded by ASCA®, and if you'd like to receive title certificates in the mail for your accomplishments, you might want to obtain a tracking number.

How much is the total cost for a tracking number?

In order to obtain a tracking number for your dog, you must be at least a "Service" member. The cost for Service Membership is **\$10**.

- Your membership is good for one year; however, it does not need to be maintained in subsequent years, unless you want to obtain another tracking number for another dog after your membership has expired.

This membership fee is **in addition** to the tracking fee of **\$10** per dog. A tracking number is good for the lifetime of the dog. If you only have one dog, the total cost would be **\$20**. For two dogs, the cost would be **\$30**, for three, the cost would be **\$40**, etc.
